

Asbestos Notification Letter:

Parent/Staff Annual Notification Letter

To: All Parents and Staff of Pueblo West Christian Academy School/Facility

From: Lily Boda, Administrator

Date: July 29, 2022

In Compliance with the US Environmental Protection Agency, (EPA), Asbestos Hazard Emergency Response Act (AHERA), we have performed school building inspections for asbestos-containing building materials and have developed an AHERA Asbestos management Plan. This facility's findings and asbestos management plan is on file in the school administrative office, for public view.

The EPA requires us to perform surveillances of the asbestos materials every six (6) months and to conduct re-inspections every three years.

No significant changes in the asbestos materials condition were noted during the (2022) surveillance of this school/facility.

All asbestos materials are in satisfactory condition, and we shall continue to manage them in place, as recommended by the accredited management planner.

The results of the surveillance are on file in the management plan in the facility's administrative office.

Everyone is welcome to view these anytime during normal school hours (Monday-Friday, 8-4). The asbestos program manager, Lily Boda, is available to answer any questions about asbestos at the following phone number 719-647-2868.
